

The Legislature of the State of Texas

February 25, 2020

Bridget C. Bohac, Chief Clerk
Texas Commission on Environmental Quality
P.O. Box 13087
Austin, TX 78711-3087

Dear Ms. Bohac:

This is to request that the Texas Commission on Environmental Quality (TCEQ) hold a public meeting regarding Port of Corpus Christi's proposed water quality permit number WQ0005254000 in San Patricio County. A public meeting would provide an important opportunity for our constituents who would be affected by the permit's approval to ask questions and to submit comments regarding the application. What's more, it would facilitate direct communication between TCEQ and those with serious concerns about the project, including its potential water quality impacts. We urge TCEQ to examine all such concerns carefully and to resolve the problems identified.

Your favorable consideration of this request would be appreciated greatly. Feel free to contact us regarding this issue or whenever we may be of assistance.

May God bless you.

Very truly yours,
